# Alpha 225 Xenon

Alpha 225 Xenon is an auxiliary light equipped with an HID (Xenon) bulb. The HID (Xenon) bulb offers three times the light with lower power consumption than halogen. Alpha 225 Xenon will both widen and extend your normal vehicle head lamps through outstanding performance.

## Dimensions

Dimension unit in mm (10<sup>th</sup> inch)

## Light Patterns

## Specifications

Bulb	35W D1S, Gen 5 integrated ballast
Light pattern	ECE Position Light LED ECE Broad 20 Off Road Broad Off Road Pencil
Consumption	43W
Voltage	12V, 24V
Intensity	1,8 Amp @ 24 Vdc
Operating Temp	-40°C to +60°C
Salt Spray	ISO 9227
Housing	black fibre reinforced plastic
Lens	plastic lens
Reflector	plastic

## Connection

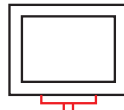

Wiring harness

## Options

Blue Lens

## Mounting

Pedestal
